

IBOB Idaho Battle of the Books

Please fill out the following information and turn it in by _____ to the library.

I, _____, would like to participate in
_____ (school's name) IBOB.

IBOB is an optional reading program for students in grades 4-6. The books cover a wide range of age interests, reading levels, and genres. Teams of up to 4 students (with one alternate) will read the books listed below. As a team, you can decide how to split up the books, or if you want to read them all. Some of the books may not appeal to everyone because of the genre or content, so work with your team (and parents) to find the books that are right for you.

I understand:

- I will be on a team with a total of 4 students (and 1 alternate, if we choose). I can choose my own team or be placed on a team.
- My team will decide how to split up the 16 books and I will do my best to support my team. If a book genre or topic does not work for me, my team and I will discuss strategies.
- I understand that I will be battling against teams from grades 4-6.
- I will try to attend all team meetings and any library IBOB activities. I will be an active member of my team.
- I will be prompt about bringing back the book that was loaned to me.
- If my team scores high enough, I will attend the district competition held in spring 2024.
- If my team scores high enough in the school or district competition, we will be invited to compete in the regional battle, if one occurs in my region.
- I will treat my fellow team members and other IBOB participants with respect.
